

Autumn Style Breezes

FALL has wafted into this store a goodly company of Coats and Suits—a handsome bevy of BISCHOF'S BEST. In styling, material and the little wonder touches of the artist-designer and the master tailor—in one and all the marks of apparel aristocracy, this just-arrived line is one to whet the taste of any feminine dress epicure.

Not only in quality but in variety of design, this array of models is superb.

Poplin, Velour, Whipcord, Broadcloth, Velour de Argentine, Velour de Ecuador—every material of the moment's mood may be seen here made up into suits and coats to match the fabrics in beauty and serviceability.

There is much pleasure and keen satisfaction to be gained by a visit of inspection.

Does yours bring joy to the breakfast table?

North—East—South—West—women are solving the coffee problem.

Armies have solved it. "An army travels on its stomach" and of the army breakfast, ask any soldier what he would miss most.

Famous restaurants have solved it. They know that with the right coffee they would have failed.

One of the greatest American judges has said that unhappiness in the home

commences with the first cup of poor coffee.

There is a coffee which brings a million men to breakfast "in a hurry"—a coffee that makes all these men eager to get to the breakfast table, slow to leave it.

Your grocer has this coffee—Arbuckles'. Today you can introduce its rich, full flavor in your home. Serve Arbuckles' for a week and notice how much more his breakfast means to him. Bring joy to your breakfast table.

Today there are whole towns where Arbuckles' is practically the only coffee used. In one State, alone, in a year, four pounds of Arbuckles' Coffee was used for every man, woman and child in the State—four times as many pounds of coffee as the population of the State!

LIVINGSTON

WE said a few weeks ago that there was going to be another wedding in Livingston in the near future. As we did not get to write last week we will now tell you the contracting parties, Mr. W. N. Riggs and Mrs. Maggie Waddle. Mr. Riggs is our town marshal and has lots of friends in our town. They were married in Jellico, Tenn. On their return here they were treated to an old-fashioned charivari. May they live long and be happy together is our wish.—Mr. and Mrs. Edd Herd, of East Bernstadt, are visiting Mrs. Herd's parents, Mr. and Mrs. Thomas Farley this week.—Miss Lyda Cook has returned from a few days' visit with friends and relatives at Mt. Vernon.—J. P. E. Drummonds and J. B. Donally have returned from Knoxville after a few days' visit in that city.—Charley Carpenter has moved his family into the Pennington property on Main street.—Dr. R. G. Webb was in Boston, Ky., Sunday. Some attraction down there.—Mrs. R. H. Turpin, of Brodhead, visited Mrs. J. W. M. Owens, Tuesday and Wednesday.—Mr. and Mrs. D. B. Rambo were called to Stanford Tuesday, on account of the death of Mr. Rambo's relatives.—Died, Saturday the 7th, Miss Angie Poynter, of that dread disease tuberculosis of the lungs, of which she had been a sufferer for several months. She was buried in the family burying ground at Freedom. She leaves a mother, two sisters, a brother, and friends and relatives to mourn her death.—John Lear was called home Friday on account of the illness of his mother, Mrs. T. B. Lear.—Mrs. B. H. Griffin, after a few days' visit with relatives here has returned to Covington.—W. M. Higgins was called to Norton a few days ago on account of the serious illness of his brother.—Mr. and Mrs. W. M. Hilton are visiting relatives in Stanford for the past few days.—Just a few more days and the election will be here and every voter should study the question well before that day, which he prefers, peace or war. Then, if he is for peace vote for Wilson, the greatest man since George Washington, a man that has stood between the American people and war, a man that stood between Wall street and the people, when Wall street wanted to call in the money; who averted one of the worst strikes that could have visited the United States? A man that has always stood for peace and been a friend to the great common people, a man that has run the government with the aid of congress without a dictator.—Conductor Shamrock (Patch Nose) and crew, including Bob Chappell, Congressman Wampus, Jim Devault on their arrival at Livingston, Wednesday p. m., were joined by Joe Omary, Buck Welch, W. R. Ward, John Mullins, Geo. Griffin, J. H. Browning, W. H. Cotton, and ye writer spent a most pleasant night on the noted Wild Cat mountain, where they found some old musket balls and many other old war relics, which will be on exhibit at C. S. Griffin's store, where everyone in the county should call to see them.—When we look across this broad land of ours and find all willing hands employed and getting better wages than ever known; then look at the farmer and we find him getting better prices for his stock and what he raises than ever before, and last but not least when we look at a daily newspaper and see the terrible slaughter of war, then it is we can truthfully say, elect Wilson and we will have those good old times. On the 7th of November go to the polls and vote for Wilson, peace, plenty and prosperity.—David Smith, a boiler maker, of Corbin, has moved his family there and accepted a position at the round house. We welcome them to our town.—L. L. Reynolds visited his son, Alvin, at Wildie; this week—Colby Hayse, of Ash Grove, Missouri, is in our town visiting his brother, J. B. Hayse. He left this county about fifteen years ago from the Freedom section.

SLOAN'S LINIMENT FOR NEURALGIA ACES

This dull throb of neuralgia is quickly relieved by Sloan's Liniment, the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointments; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it quickly gives relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle to-day at your Druggist, 25c.

LEVELGREEN

The revival that is being conducted at Mt. Pleasant by Rev. Thornton, of Preachersville, is largely attended and there has already been several additions to the church.—Vic Price is spending the week with his mother here.—Miss Ola DeBord was with home folks last Saturday and Sunday.—Mr. and Mrs. Everitt Brown and little son have returned home.—Charlie L. Davis, of Mt. Vernon spent the latter part of last week with his sister, Mrs. Clara Thompson.—O. H. DeBord and Ovie Bullock spent last week in Cincinnati.—Mrs. F. E. Mullins and son, of Mullins Station, were visitors here last week.—Miss Flora Hurst was in Mt. Vernon last Thursday.—Mr. and Mrs. Eugene McWilliams and children, of Bandy, Mr. and Mrs. Wm. H. Brown and daughter, Miss Essie and Edd Brown, of Willailla, spent last Sunday, with Mr. and Mrs. Henry Todd.—Mr. and Mrs. J. L. Thompson spent Tuesday night and Wednesday with their daughter, Mrs. G. N. Bray, at Wab.—Last Saturday was school election here and W. F. DeBord was elected trustee.—Mrs. W. T. BeBord has been sick for several weeks.—Burton and Mullins seem to be in the produce business as they are seen daily with a drove of geese.—C. E. Mullins, the drummer, made his regular trip thru here Tuesday.—The farmers are very busy preparing to sow wheat, getting wood, making sorghum, etc.—Sam McKinney has been visiting his sister, Mrs. W. L. DeBord, at Wilborn.—Miss Daisy Thomas spent Saturday night and Sunday with Miss Rhoda Burton at Walnut Grove.

the enrollment is not what it should be all who have entered are regular in attendance and doing very good work.

The first month of school showed far too many cases of tardiness and we hope, with the cooperation of parents and teachers, to have fewer cases next month.

The Board of Education is doing every thing it can for the progress of the school. It has added and is adding much to the equipments of the rooms and we certainly commend the work and any interest, thus far shown by the Board.

We have very few "Smart Ales" "gossipers" and "chronic kickers" of whom we may say a few things later; in the mean time let us try to imagine the condition of this old world without these "unnecessary evils".

We are pleased indeed to report the splendid record of a few of our pupils as follows: Emma Howard, Margaret Dickerson, and Geo. Gehring of the fourth grade; Fred Clark, Minnie Jones, and Geneva Griffin of Sixth grade; Furman Jones of the seventh grade; Lena May Clark of the eighth grade; C. McMartin and Walter E. Browning of the ninth grade, each on the Honor Roll while Miss Hazel Ponder of the fifth grade is the only pupil on Star Roll.

Do You Remember

When you were a little fellow at school—remember how proud and independent you felt the few times you knew your lesson—even loved your teacher?

'Twas pretty hard to stop playing to study—but it didn't take long, and you were happier all day. Things haven't changed much.

You are still in school—but ARE YOU studying the lessons of your business life? The problems are pretty hard—the hours are long, but most teachers are patient and really want to help you. LEARN the lesson of SAVING—its the A B C of BUSINESS and X Y Z of HAPPINESS.

DURING the past several months
Tom Wallace, a writer for the
Courier Journal, has written a
number of interesting articles "A-
long the Dixie Highway," deal-
ing with its Western loop or
Louisville and Nashville division,
graphically depicting historic and
everyday scenes, cities, etc., be-
tween the above points praising
the public spirit and enterprise,
of the citizens of the various
counties through which it passes,
in pushing the highway thru
their domains, and in the var-
ious write ups, usually seemed
to attempt to leave the impres-
sion that this particular divi-
sion, in question, is the Dixie
Highway. The reporter sang
praises for everything on that
line. This writer contributes an
article to Sunday's issue of his
paper, of October 1st on a trip
over East division of Dixie High-
way, starting from Covington,
Kentucky. It appears that he
was scarcely out of that city, on
his way south until he had out
his hammer and began knock-
ing this loop of the highway in
steak of using it upon his cantaloupe machine, "(Rocky Ford) or
tin lizzie. One of his discoveries
was that "the road is crossed at
grade by railroad about thirty
times between Covington and the
north boundary of Scott county,"
(of which Georgetown is the
county seat.) The road crosses
the railroad over bridges when-
ever it is not being crossed by
the tracks. A majority of the
bridges are approached on sharp
curves and must be taken slowly
if taken at all. I saw a gap in
the railing of a bridge over a deep
cut, but no remains of a car or
driver appeared in the cut." This
and many other things of a
"knocking" nature calculated to
discredit the eastern route ap-
pears in the articles. "Some
credible pictures were shown
along with article and several
complimentary things like the
cow's kicking over a filled milk
bucket.

This writer's article on the
second lap or journey from Le-
ington to London over Dixie
described in Sunday's Courier Jour-
nal of October 8th, was a contin-
uation of some good things and
numerous hammerings.

His failure to reach Mt. Vernon
over Dixie Highway and his de-
touring via Broadhead after reach-
ing Round Stone, seven miles
north of Mt. Vernon is in some
what of a humorous vein though
not at all pleasing to us mount-
aineers. This writer was with-
in one mile of the point to where
Dixie Highway had been graded
from Mt. Vernon and why any
one should have told him that he
could not travel over it is beyond
us. His getting stuck in the
mud and getting horses for moti-
vative power is humorously por-
trayed. This route was gone over
from Richmond to Mt. Vern on
within three hours by R. B. Mul-

lins on October 7th who brought
his family here in Rocky Ford;
said to be the shakiest car in the
market, and every one in the
party were actually able to
breathe fairly well a few moments
after their arrival here and, as-
tonishing to relate, said they en-
joyed their trip.

We may be mistaken, but it ap-
peared to us mountaineers that
these articles are deliberately
aimed to discredit the eastern
route in an attempt to influence
future trouble between the north
and south and east, to be
diverted via Louisville and the
western route.

It is true that between Louis-
ville and Nashville they have re-
constructed the larger portion of
their old roads and made them
good, but they are not thru from
Nashville to Chattanooga with
the Dixie by a long shot. The
eastern route had to construct
outright more than 150 miles of
highway thru the mountains.
Delays, that were unavoidable,
have occurred in the completion
thereof, but nearly every mile is
under contract and construction is
progressing all along the line and
before this time in 1917 the
Dixie Boone and Dixie High-
way will be completed thru the
Cumberlands, and Mr. Wallace
will find markers thereon to
guide him and his car thru the
Cumberlands into the Appalachians
and the "Land of the Sky" or
into Dixie, where we hope he
will try and give justice to the
route that means so much to the
mountain people.

It is a common belief down
here, that it is a deliberate scheme
in the publication of these articles
describing the mountain route to
its discredit for the advantage
of the western route, but it won't
work. Truth is mighty and will
prevail. The many attractions
and points of historic interest a-
long the "scenic route" will
hold its own against all comers.
We don't have to show the de-
merits of other routes to gain
favor for ours, and many are
loath to believe so great a paper
as the Courier Journal would
further such a move or allow itself
to be hoodwinked, but until that
paper denies the imputation, one
naturally may form a conclusion
not creditable to that widely read
journal.

FACTS WORTH KNOWING.

THE WILSON administration
has given much attention to af-
fairs directly affecting the peo-
ple of the United States, their
home life, their business life,
their advancement and their
prosperity.

What was done for the peo-
ple while the Party of Mr.
Hughes was in power? For
forty years the Republicans
promised the country currency

reforms and never fulfilled
that promise. The Wilson ad-
ministration redeemed the Dem-
ocratic promise to do that a d
made the Party's word good
within two years after coming
into power.

For a score of years Republi-
can Conventions have been
promising rural credit legis-
lation, but each time broke
their solemn pledge to the peo-
ple made.

The Wilson administration en-
acted the much needed law to
financially unshackle business
and it has done so with im-
mense benefits to merchants,
manufacturers, contractors, mat-
rial men and all classes of acti-
ve business men, thereby redeem-
ing Democratic promises, and in a
few months the farmers will see
the oppressive restrictions re-
moved from their financial af-
fairs.

The Republican Party prom-
ised the people of the United
States, time and again an Ameri-
can merchant marine, but never
once kept a line or word of that
promise, although in power for
forty years. The merchant
marine is the first step in free-
ing the people from the shackles
of foreign and domestic ocean
combiners. The present Demo-
cratic administration has passed
the much needed law and it is
the fulfillment of a promise
made to the country in con-
vention assembled. It is a move
in the right direction and for
the benefit of the people. These
are facts worth knowing and
easy of convincing proof.

No legislation by Mr. Hughes
and his Party will compare in
benefits to the people as the leg-
islation of the Democrats under
the guiding hand of President
Wilson, which gave to the
country the Federal Reserve
Banking System, the Income
Tax measure, the Farmers Loan
System, the Shipping Bill, the
Parcel Post Act and various
other wholesome legislation.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Catren, Ky.—In an interesting letter
from this place, Mrs. Bettie Bullock
writes as follows: "I suffered for four
years, with womanly troubles, and during
this time, I could only sit up for a little
while, and could not walk anywhere at
all. At times, I would have severe pains
in my left side.

The doctor was called in, and his treat-
ment relieved me for a while, but I was
soon confined to my bed again. After
that, nothing seemed to do me any good.

I had gotten so weak I could not stand,
and I gave up in despair.

At last, my husband got me a bottle of
Cardui, the woman's tonic, and I com-
menced taking it. From the very first
dose, I could tell it was helping me. I
can now walk two miles without tire-
tiring me, and am doing all my work."

If you are all run down from womanly
troubles, don't give up in despair. Try
Cardui, the woman's tonic. It has helped
more than a million women, in its 50
years of continuous success, and should
surely help you, too. Your druggist has
sold Cardui for years. He knows what
it will do. Ask him. He will recom-
mend it. Begin taking Cardui today.

THE SOCK SOCIAL.

The Willing Workers have
planned for a Sock Social to be
held in the Masonic Hall on
Thursday, October 19. A poem
describing its features will be sent
to individuals who will attend, and
bring a friend. Don't forget the
date, Thursday evening, Oct. 19,
at Masonic Hall.

Many persons in Clark and
other central Kentucky counties
are watching the progress of
road construction in the moun-
tains. Numbers intend to invest
in farm lands down here as soon
as we get good roads. Land
values in the blue grass runs in
value from \$80 to \$300 per acre
and is beyond the pocket books
of many who have from \$1,000
to \$4,000 to put into farm land
of reasonable price.

If you expect to find the Signal
in your box on publication days,
look out about that subscription.
We have some few who are more
than a year behind. We know
some of these want the paper to
keep coming. Now plain talk is
the easiest understood. All who
are as much as one year in arrears
on Nov. 1st. will be dropped from
the list. Paper costs too much
to carry any subscriber who gets
as much as a year or more be-
hind. We want you on the list,
but if you want to stay on the
list please mail us your check for
the amount due on your paper.

The Presbyterian school at
Harlan burned last Tuesday
night. Origin of the fire un-
known. Miss McCord who was
in Harlan at that time was at
the school and lost a num-
ber of articles which she was
unable to get out of her room.
There were thirty three girls
in the boarding department,
all of whom escaped uninjured
but did not save any of their
belongings. While it is expected
that the school will be rebuilt,
yet it will be several months be-
fore ready. Some of the girls
attending the Harlan school have
already gone to the school under
the same board in North Caro-
lina and others may come to Mt.
Vernon. Miss Johns who suc-
ceeded Miss Taylor here for a
few weeks, is principal of the
of the Harlan school.

Miss Eliza Mullins of near
Burr was hostess of a most de-
lightful evening entertainment
Tuesday. Those present are as
follows: Misses Eva, Vira, Valley
Daisy, Flora, and Eliza Mullins,
Hazel McHargue, and Mrs.
Mattie Mullins. Messrs. James
Morris, Tulla Owens, E. F. Bry-
ant, Robert Fields, Clell Pike,

The Mt. Vernon High School

Basket Ball Team delighted the

Brothead Boys Saturday, in fast

and spirited game by the score

of 20 to 19. The spirit of both

teams was good and we were

well pleased with the results.

The score was tied several times

during the game. Cox of Mt.

Vernon and Sowder of Brothead

were the stars of the game.

We will play Brothead on

our grounds next Saturday.

On the second Saturday in

November we will have the

District Teachers' Association.

We will insure you that it will

be worth while. Every teacher

and those interested in school

work are urged to be in Mt.

on that date. Watch for the

program in next weeks paper.

Dr. Harry C. Weber.

Dr. Harry C. Weber, long
prominent in the medical pro-
fession of Louisville and formerly
a member of the faculty of the
old Kentucky School of Medi-
cine, died of uraemic poisoning
at 9:05 o'clock this morning at his
home, 501 West St. Catherine
street.

He had suffered slightly from
a cold for two weeks previous to
his being stricken seriously ill
since September 28. His condi-
tion reached a serious state al-
most immediately and since Sun-
day he has been in an uncon-
scious condition most of the
time. Hope for him was aban-
doned Tuesday and his mother,
Mrs. Sarah Weber, and sister,
Mrs. Sam Lewis, of Mt. Vernon,
Ky., joined his wife at his bed-
side. His brother-in-law, James
B. Robinson, a prominent busi-
ness man of Chattanooga, Tenn.,
arrived here Thursday afternoon.

Dr. Weber was 46 years old and
a native of Mt. Vernon, Ky., being
a son of the late William M. Weber,
a druggist. When a young man
he worked in a bank at Knoxville,
Tenn., before taking up the study
of medicine. He was graduated
from the old Kentucky School of
Medicine in 1898 and immediately
began practicing. Throughout
his professional career he was
associated with Dr. Henry Oren-
dorf. The office of the firm Oren-
dorf and Weber is in the Courier
Journal office building. Fourth and
Green streets, being the oldest
tenants of the building. For a
number of years he held a chair at
the college of which he was a
graduate. He specialized as a
urologist, attaining high rank in
his profession.

Dr. Weber's passing is a source
of genuine grief in a large circle.
Newspaper men in the city were
among his most intimate associ-
ates. He was a member of the
Phi Chi fraternity, the Jefferson
County Medical Association and
other medical organizations of the
State and county.

Dr. Weber is survived by his
widow, who was formerly Miss
Edna Hill, of Memphis, Tenn., and
to whom he was married Novem-
ber 4, 1909; his mother, Mrs. Sarah
Weber, of Mt. Vernon, Ky.; and
three sisters; Mrs. Sam Lewis, of
Chattanooga, Tenn.; and Mrs.
M. J. Dorsey, of Chicago, Ill.

The funeral was held this after-
noon from Pearson's chapel, Third
and Chestnut streets. The body
will be taken to Memphis, Tenn.,
for burial at 8 o'clock tonight.—
Louisville Times, Oct. 5.

Brothead Ky., Oct. 11-16.

Editor Signal:—Dear Editor:

Having seen quite a number of

minor accidents since the coming

of the automobiles to our com-

munity. I have concluded 50 per-

cent of them could be avoided if

the people knew and would ob-

serve the rules of the road. I

suggest that you publish them in

your paper and ask every teacher

in the different schools of our

county to teach them to their

pupils. Unless something is done

on this line there are going to

be numbers of fatal accidents. A

word to the auto drivers. Did

you know the majority of the

public look on us as a kind of

public nuisance and do not know

we are some times that very

thing. What we want is a friend-

ly feeling toward the general

public. Don't try to see how fast

you can drive when meeting

others on the public highway.

To be sure we pay a special

road tax of from \$5 to \$15 per

annum on each car, but that does

not entitle us to all the road. I

must admit I find some auto

drivers and teamsters as well who

act as though they owned all

the road bed. These things

should not be. Let us all make

a special effort to keep down any

and all strife along this and all

other lines.

ROCKCASTLE HIGHWAYS PRO-
GRESS. Two miles and a half of
metal has been placed on the
Dixie-Boone Highway, starting
out of Mt. Vernon, over Boone
Avenue, toward Madison coun-
ty line. Grading of seven and
half miles has almost reached
Round Stone station. Bridge ab-
utments are being erected at
Rentroe's creek and at Round
Stone. There has been some de-
lay in shipment of steel for these
bridges. Grading from Madison
line is progressing, via Scaffold
Cane and more than five miles
have been completed. The gap
between Calloway and Pine Hill
will be completed before extreme
cold weather. That portion be-
tween Pine Hill and Mt. Vernon
has reached the B. G. Mullins
place, just beyond the Burr, post
office. This gap will hardly be
closed this Fall. Work of grad-
ing between Mt. Vernon and
Lincoln line toward Crab Or-
chard lacks almost one and half
miles of being thru, which will
be completed by or before
winter.

Engineers will survey from
Livingston to a point opposite
the mouth of Parker's Branch,
where the highway is to meet
the Laurel county work. As
soon as surveys are completed
advertisements will be placed
calling for bids on construc-
tion.

TANLAC, the GREAT NEW MEDICINE, Sweeps Over Nation: Merit Wins and Multitudes Give It Praise

"Made Me Younger"—"Put Me Back on The Payroll"
"Gave Me New Life"—"In The Thousands of
Endorsements Given Master Medicine"

This is Tanlac week.
More than seven million five hundred thousand bottles of Tanlac have been sold in the United States in the two years since the first bottle was sold.

The fact alone is sufficient explanation why Tanlac Week should now be celebrated in cities throughout the United States. The tremendous and unprecedented success of Tanlac could not have been achieved without true merit. The 8,000 druggists who are giving Tanlac their renewed endorsement by special displays this week know that they have behind them the unqualified endorsement of Tanlac by millions of satisfied customers.

No other medicine has ever had the same success that Tanlac has won as a tonic, appetizer, invigorant and revitalizer. Its fame was instantaneous and it spread through the country until today it is known every where as the Master Medicine.

True Worth Explains Success

Tanlac's success is easily explained—true worth. The tens of thousands of men and women who have endorsed it praise it because they are grateful for the relief Tanlac has given them.

To suffer from sleeplessness, indigestion, nervousness, rheumatism, belching and bloating from gas; dizziness and biliousness; kidney and liver troubles, pains in the stomach, the back and the head for years, and then to get relief through a tonic that is pleasant to take, gentle and gradual in its results, renewing the appetite, aiding assimilation, and restoring health, and vigor, ambition and strength, is enough to make people grateful.

Tens of thousands of people have said that Tanlac is the Master Medicine. Tanlac week therefore means something to them.

Endorsements are Remarkable

Some of the endorsements of Tanlac are remarkable. They show that taking Tanlac was a profitable investment for sick, weak, nervous, rundown men and women—profitable in more than one way. Some of the praise of Tanlac are in phrases that are written over and over.

"I feel like a new man"—"Tanlac has put me back on the payroll"—"I never lay off from my work since I took Tanlac"—"I do twice as much work as I used to"—"Tanlac has made me feel twenty years younger"—"I wake up in the morning feeling fine now."

Many women have written, "I have my natural color back since I took Tanlac"—"I feel like a girl again"—"My neighbors ask me what I have done to look so young and my answer is Tanlac"—"I feel like a different woman; my housework is a pleasure since I took Tanlac."

Those are some of the expressions which tens of thousands of men and women have used, in statements praising Tanlac.

Tanlac Meets a Need

Prepared from a secret formula, purely vegetable and absolutely free from mineral taint, Tanlac has met the need of a great reconstructive tonic to feed while it heals sick, sore stomachs; to promote digestion, aid assimilation, induce healthy and normal functions of the digestive apparatus, and to build up health and strength in a natural way.

Throughout the vast world Nature has placed remedies for the healing of the nations. In Tanlac the best of them are merged for a sensible, reliable remedy. In Tanlac nature offers the great natural remedy for the everyday ill from which millions of men and women suffer.

The ingredients or medical elements which make Tanlac comes from far separate sections of the globe. It is as though Nature, planting her garden in every zone of the vast world permitted man to select the best for compounding into a great remedy. Man has spared no expense or labor to these best ingredients.

Now a Household Remedy

Roots, herbs and barks best suited to a great tonic are used in the making of Tanlac. They are selected scientifically and blended with care. In order to insure a supply of them for Tanlac, The Cooper Medicine Company bought large amounts of certain ingredients. Ten tons of one ingredient were bought on one order.

Tanlac's success, starting so quickly, is lasting. It has become a household remedy and is in two million homes because it is the great medicine which Nature offers from her best products.

Millions of people know this and Tanlac therefore is praised everywhere as The National Tonic—the upbuilder of health and strength through the stomach, blood and nerves.

DISPENSANCY.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Dispensancy is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

WITHERS

C. J. E. Mullins is in the western part of the county this week.—Several from this place attended the Association at New Hope, Saturday.—The infant son of Raleigh French has pneumonia fever.—The whooping cough is raging in this part.—Dean, the infant son of J. H. Mullins has been very sick for a few days but is some better at this time.—Estill Mullins attended the big circus in Richmond, Saturday.—Rosco Anderson, of Winchester, is visiting relatives here this week.—There was a series of meetings begun at Red Hill, Sunday night, conducted by Rev. Parker and others.—Misses Pearl, Susie and Leona Anderson and Ruth Mullins visited their cousins, Misses Sallie, Ada and Maggie Mullins, Saturday night and Sunday.—Mr. and Mrs. Joe Cash have returned from Indiana, where they have been living for the past year to make their future home.—Isaac Spivey has moved his family back to Livingston.—Mrs. Alex McDaniel has been very sick but is some better at this time, also the infant son of Elijah McDaniel is very sick.—Married, September 25th, Raleigh Mullins, son of Mose Mullins and Miss Martha Durham, daughter of Jones Durham. May their pleasures be many and their sorrows few.

HOW CATARRH IS CONTRACTED

Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who has this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used and this trouble might have been avoided. Obtainable everywhere.
